Liberty Lotion

420 State St Suite C
Sedro-Woolley WA 98284

Our Guiding Principle:

Freedom from Pain

Founded in 2014, Liberty Lotion's driving ideals are **quality, effectiveness, and innovation**. Our ethos is succinctly encompassed by our company slogan, ***Freedom from Pain***. Our thriving business originated from the determination of one man, **Samson Garner**, to find a solution to his own chronic pain that was free of the accompanying debilitating effects common to so many contemporary pain treatments. Concurrently, our focus has always been to find natural ingredients with no side effects that give conventional pain relief options a run for their money. In the true spirit of **innovation**, we are not limited to a particular ingredient or methodological approach toward pain relief and overall wellness. Rather, we are constantly striving to expand our already extensive knowledge of healing substances and to **hone** our techniques and practices. Moreover, we take great care to align ourselves with the **abstract forces** of customer opinion and emergent market dynamics in order to effectively deliver the most comprehensive manufacturer presence available. It is our belief that **no company is an island** and that drawing upon greater forces ensures a beneficial outcome. We always look forward to sparking new business relationships and making new friends.

We hope that you will **share** in our journey of delivering ***Freedom from Pain*** to the world!

NEW PRODUCT!

Limited by Acne or Psoriasis?

Limited by chronic pain conditions such as Arthritis or Fibromyalgia?

Limited by cuts, bumps or bruises?

Whatever limits you in life,

*Limitless Lotion is there to help you **Overcome your Limits.***

**THIS PRODUCT CONTAINS NATURAL INGREDIENTS OTHER THAN CBD
THAT HAVE AN EFFECT SIMILAR TO CBD**

- All Natural
- Non-GMO
- Vegan-Friendly
- Non-greasy
- Absorbs Rapidly

*Uses**

■ Pain Relief	■ Sore Muscles	■ Headaches
■ Anti-Inflammatory	■ Bruises	■ Cramps
■ Promotes Healthy Skin	■ Back Pain	■ Limitless Uses

Ingredients

Liberty Lotion is an all-natural **high-CBD topical pain relief lotion** with Arnica Montana. Liberty Lotion employs the natural science of transdermal absorption to penetrate skin and deliver ingredients where they're needed most without leaving behind a greasy residue or lingering scents. Liberty Lotion quickly penetrates the top layers of the skin, and then gradually progresses through consecutive layers of skin creating an extended time release effect for increased duration of relief.

OUR ORIGINAL PRODUCT: THE PRODUCT THAT MADE US FAMOUS!

- All Natural
- Non-GMO
- Non-greasy
- Absorbs Rapidly
- High CBD

Liberty Lixir is our **straightforward** and **powerful** all-natural CBD tincture. This product is applied under the tongue and, having only three ingredients, is the very definition of **simplicity**.

Our customers tell us that Liberty Lixir delivers a whole-body effect that not only relieves **pain** but also reduces **stress** and **anxiety** and aids **sleep**. While these statements have not been evaluated by the FDA, numerous studies have indicated that CBD reduces **inflammation** and helps restore the body's natural **healing rhythms**.

ANTIMICROBIAL - EFFECTIVENESS TESTING

USP Challenge Test

Invoice Number: 15-04150

Initiated Date: 5/26/15

Lab #: 19528

Report Date: 6/28/15 Revised

The USP Antimicrobial Effectiveness Test is a test showing the ability of a substance to retard the growth of tested pathogens. Antimicrobial preservatives are substances added to protect from microbiological growth.

Sample Description: Colloidal Silver & Benzyl Alcohol Lotion

Results:

Organism (ATCC)	Initial Inoculum/mL	Day 7	Day 14	Day 21	Day 28	Result
A niger (16404)	3.9×10^6	<10	<10	<10	<10	P
C. albicans (10231)	2.0×10^5	<10	<10	<10	<10	P
E. coli (8739)	6.2×10^6	<10	<10	<10	<10	P
P. aeruginosa (9027)	1.9×10^6	<10	<10	<10	<10	P
B. subtilis	3.0×10^5	<10	<10	<10	<10	P
S. aureus (6538)	2.8×10^6	<10	<10	<10	<10	P
S. typhimurium	1.4×10^6	<10	<10	<10	<10	P
Cl. sporogenes	1.9×10^6	130	<10	<10	<10	P
Product Control	<10	<10	<10	<10	<10	P

Interpretation:

The pathogen-retarding capability of the product examined is effective if:

1. The concentration of the viable bacteria is reduced not less than 1.0 log from the initial calculated count at 7 days.
2. The concentration of the viable yeast and molds has no increase from the initial count at 7, 14, and 28 days.
3. The concentration of the viable bacteria is reduced not less than 3.0 logs from the initial count at 14 days.
4. There is no increase from 14 days' count at 28 days.
5. TNTC is too numerous to count
6. P is passed F is Failed
