Relate what you have read in Chapter 8, of Cultural Anthropology, regarding colonialism and the expansion of capitalism in modern industrial societies to the article, “Marketers Pursue the Shallow Pocketed.” Is the information being discussed in this article another example of colonialism? Why or why not? Identify two potential positives and two negatives direct marketing of the poor has on people and their economies. What theory of development is most applicable to the expansion of global markets to poor, low income, and indigenous communities?

Your initial response should be at least 150 words in length. Please support your claims with examples from the text, required material, and/or scholarly articles. Respond to at least two of your classmates’ posts by Day 7.
