

Complimentary Hearing Evaluation

- State-of-the art testing equipment and [hearing aids](#)
- Reasonable, all-inclusive pricing, which includes the batteries needed for your hearing aid(s) as long as you have them, as well as wax traps, domes and any items needed for maintenance.

- Exact fittings and programming of your hearing aid(s). Even the most advanced hearing instruments won't work well if they aren't fitted properly. At Evolution Hearing, we employ the latest fitting methods to ensure that you hear with clarity, even in the most challenging listening situations.

- A 30 to 60 day trial period to ensure your complete satisfaction with the new devices. It doesn't happen often, but we don't want you to keep them if you're not completely satisfied.
- Complimentary cleaning of your instruments every 6 months, or sooner if needed.
- Walk-in hours for our existing patients, Monday-Friday, 1 p.m.-2 p.m. No appointment necessary!
- On-site service and repair. Our professional staff is capable of repairing the most common issues, if necessary.
