Write a short summary paper on the selected topic from Week One, which outlines your Senior Project. In your paper include the topic, your thesis statement, your research methodology, your decision-making process for choosing your resources, and at least three resources you will be using. The Senior Project Summary should be two- to three- pages (excluding title and reference pages) in APA format as outlined in the Ashford Writing Center. Your summary must contain the following:

I. Title Page

- a. Anticipated title (this may change for the completed project)**
- b. Your name**
- c. Course name and number**
- d. Instructor's name**
- e. Date submitted**

II. Introduction: Provide an overview of your selected topic and include your thesis statement. Identify the organization that you have chosen to address.

Include why the issue of your selected topic is important to the healthcare administrators in your organization and to the healthcare industry in general.

This should be about one-third of a page.

III. Scope of the Senior Project: This section should summarize the content that will be addressed in the Senior Project.

IV. Discussion: This section should be a brief but constructive and analytical overview of what was found in the scholarly and professional literature. In developing this section, it is important to demonstrate your understanding of the topic and the interventions.

V. Conclusion: Provide a summary of the main points and direction of your project.
