For this assignment you will need a lesson plan or unit that includes measurable learning outcomes. You may continue to use the lesson plan from Week Three, or you can create a new one or modify one that you have found. Provide and explain differentiated teaching strategies that are appropriate for a variety of students at different levels of readiness. Your strategies must align to the learning outcomes. Make sure to include the following:

- a. Differentiated access
- b. Differentiated process
- c. Differentiated product
- d. Differentiated content

Remember to identify the grade level, lesson plan, and content area, as well as appropriate learning outcomes and all possible levels of student readiness. There is not a page or length requirement for this assignment, however be sure to address all elements listed above, and provide the proper APA citation for any sources that you use. Include a title page and reference page(s).
