EB7180 SERIES SAE Class I LED

The EB7180 LED provides the ultimate level of power, versatility and style available in a LED beacon. The latest high-intensity LEDs combine with reflector technology to produce a powerful, SAE Class I warning signal in a square housing that also offers premium features, including multiple flash patterns and synchronisation capability. Featuring 12-24 VDC operation and eight flash patterns, the EB7180 Series is suitable for a wide range of applications where a high-intensity SAE Class 1 light is required. Each unit is backed by a 3-year warranty.
