

# Check-in 1

## 1- A complete numbered list of user stories from the client interviews.

1. As an Author, I want to submit a paper online, so that it can be reviewed.
  - a. An author can not see their reviews until a decision has been made.
  - b. An author can not see who reviewed their paper.
  - c. An author can submit more than one paper to a conference.
2. As an Author, I want to register myself on the site, so that I don't have to input my name and email every time I submit a paper
3. As an Author, I want to be able to change my submission before a deadline, so that I can correct any errors.
  - d. An author can not submit or modify a paper after a deadline.
4. As a Program Chair, I want to designate subprogram chairs so that they can distribute papers to reviewers
5. As a Subprogram chair, I want to assign papers to reviewers so that they can review the papers.
6. As a Reviewer, I want to download papers so that I can review them.
7. As a Reviewer I want to fill out an online review form before the deadline so that I can give feedback to the subprogram chair.
  - e. A reviewer can not see any
  - f. A reviewer can't know who else is reviewing the paper
8. As a Reviewer, I want to give recommendations to the sub program chair and program chair, so that they can make informed decisions on what papers accept or reject for conferences.
9. As a Subprogram Chair, I want to be able to see the reviews done by the reviewers, so that I can make a decision on what I want to recommend to the program chair.
10. As a Subprogram Chair I want to fill out a recommendation form so that I can make suggestions to the program chair as to what papers should be used for the conferences.

11. As a Program chair I want to be able to view reviews and recommendations done by the reviewers so that I can make informed decisions on what papers to accept or reject.
12. As a program chair I want to be able to view reviews and recommendations done by the subprogram chairs so that I can make informed decisions on what papers to accept or reject.
13. As a Program chair, I want to be able to accept or reject papers so that authors know if they are going to be presenting at a conference.
14. As a User, I want to see what stage my paper is at, so I know if a decision has been made.
15. As a program chair, I want to see what papers have been assigned to both subprogram chairs and reviewers so that I know that each paper has been assigned, and to whom.
16. As a subprogram chair, I want to see how many Reviewers have been assigned, so I know who I can assign papers too.
17. As a subprogram chair, I want to see how many reviews I have received, so that I know who has yet to complete a review before the deadline.
18. As an author I want to see my reviews after a decision has been made, so that I may change my paper if necessary.
19. As a user, I want the program to be internet accessible so that i may use it from anywhere.
20. As an author I want to see a list of conferences so that I can chose which one to submit my paper to.
21. As an author I want to be able to unsubmit a paper so that I can remove it from review process if desired.
22. As an author I want to be able to see what decision has been made on my paper, so that I know how to continue in the process
23. As a Program chair or sub program chair, I want to designate users as reviewers, so that they can review papers for conferences.
24. As a subprogram chair I want to see deadlines for all work, so that I may contact reviewers/authors if necessary
25. As a Reviewer or a Subprogram char, I want to be able to edit recommendations before the deadline, so that I am giving the most accurate information.
26. As a program chair, I want to read each review, so that I may make an informed decision

- 27. As a program chair, I want to assign papers to subprogram chairs, so that they may assign them to reviewers.
- 28. As an admin, I want to designate users as program chairs, so that they may make decisions on what papers to accept.
- 29. As an admin, I want to be able to initiate and enter information about a conference, so that that people can start submitting papers to the conference.
- 30. As an admin, I want to create the scale for judging papers, so that they can be evaluated appropriately.
  - g. Only an administrator can alter the judge scale for a conference.

2- A storyboard of the UI for each of the five user stories.

A,B- Missing

----- C-

As a Reviewer, I want to submit a review of a manuscript.

Recommendations for Author:

4- Review form

Rate Paper from 1 to 10  
based on how likely you are to recommend  2

Recommendations for Author:

more research needs to be done  
in the field of gravitational  
waves before we can even begin  
to plan a way to harvest their  
energy to power a laser on  
the moon. Further more I found  
many grammatical errors, and so

Rate Paper from 1 to 10  
based on how likely you are to recommend  2

Recommendations to Author:

Perhaps in a few more years when  
we have collected more data  
we will be able to accomplish  
said task, but currently we  
do not have visible evidence that  
such an apparatus would work
