To Whom It May Concern:

This letter is in reference to **Hilawit Worku** who has volunteered in the 2009 summer tutorial program at the Young Women Christian Association of Ethiopia. The YWCA, an international membership movement, is a non-governmental organization operating in Ethiopia that encourages the active participation of volunteers in its various programs designed to benefit women and girls.

Hilawit, understanding the importance of education and volunteerism, has dedicated her time and expertise teaching English, Math, and Values to marginalized children in the months of July and August 2009, for a total of 60 hours. The objective of the program was to equip young girls and boys with Basic English skills. It also provided an avenue for young volunteers to develop the notion of leadership and understand the importance of community service.

As a volunteer in the summer tutorial program, **Hilawit** took an active part in planning lessons, coordinating activities, and teaching in the classroom. Also, she has shown a sense of commitment and responsibility in carrying out tasks assigned to her. In addition to her many measurable contributions, she receives a high recommendation for her enthusiasm and kindness to all the volunteers and students. It was a pleasure having her as a volunteer and I strongly believe that she would be a valuable asset to your institution.

Yours truly,
for 
Melat Tekletsadik
General Secretary
