Calm before the Storm in Business Sales in Adelaide

Business sellers should “brace themselves for a traditional flurry of activity, immediately following the Xmas break” says Brian Sander, Manager of Benchmark Business Brokers Adelaide Office.

Drawing on his 30+ years of experience, Brian says that if you are thinking of selling a business in Adelaide, there will traditionally be a strong upturn in buyer activity in the January/February period.

As the largest Business Broking Company in Australia, with five offices across the country, Brian says: “Our records indicate that many people use the holiday break to make some long-term decisions regarding the future direction of their lives”.

Many decide that owning their own business and taking personal control of their future is the way to go.

The logo for Benchmark Business Sales & Valuations features the word "BENCHMARK" in a large, white, serif font with a drop shadow, set against a dark blue background. Below this, the words "BUSINESS SALES & VALUATIONS" are written in a smaller, blue, sans-serif font on a yellow background.
