

Transport Solutions

Complete Transport Services

One integrated solution: One Express

One Express keeps your business moving at its best with fully integrated freight. Whether you are sending a one-off urgent package or dispatching key business freight internationally, one solution stands apart: **One Express**.

Freight performance is closely linked to your business productivity and reputation. **One Express** offers services that are hard to beat along with a commitment to staying at the forefront of industry innovation. We deliver freight services to match your fast-changing business requirements.

One Express is your one integrated solution for:

- ✓ Tailored solutions to unique freight needs
- ✓ Purpose-designed real-time freight tracking and transparency
- ✓ Advanced time-critical freight capabilities to satisfy your tightest deadlines and most urgent consignments
- ✓ No hidden fees and no minimum delivery requirement
- ✓ Commitment to providing your best freight solution at the best price.

One Express connects you with a full spectrum of freight capabilities that answer your every need. Now you can focus on your core business and leave all your freight requirements to us.

Our Simple Promise:

[A fast, reliable, and cost effective
service every time]

Nationwide Palletised Freight

One Express empowers your business with one of the fastest and most affordable pallet freight services in Australia. From lightweight to heavy pallets, you get expert and timely handling by our versatile fleet.

Our nationwide capabilities span:

- ✓ **Pallet delivery** — freight for properly packaged cargo from textiles to electronics
- ✓ **Oversize freight** — get top safety, security and protection of your oversize cargo
- ✓ **Line haul services** — port to port or city to city, **One Express** transports your pallets without a hitch
- ✓ **Specialised vehicles (tailgate)** — benefit your business and stockists alike by eliminating forklifts from the equation.

Same-day door-to-door delivery, real-time shipment tracking from departure to arrival and 360° control is all part of the offer.

Warehousing & Storage

One Express offers integrated warehousing and storage services to match each customer's specific needs. Backed by expert staff and modern facilities, we enable you to outsource all warehouse and storage needs so you can focus on your main business activities. Our safe and secure warehouse and storage services include unloading containers, storing, picking, packing, labelling and reporting.

Domestic Freight Services

One Express ensures your homegrown profile and performance is peak. Each **One Express** domestic freight solution is customised to minimise cost and maximise outcomes. We have brought together all nationwide logistics services in a single integrated solution. From timely door-to-door metro delivery to interstate courier consignments, we achieve premium efficiency that enhances your business outcomes.

Our domestic freight services cover all your requirements – whether you need same day delivery of timely freight or metro distribution services, we have it covered.

Same day delivery — count on One Express for door to door parcel delivery throughout Melbourne, Brisbane, Adelaide, Perth, Sydney and throughout Australia.

Metro distribution services — with experience and a nationwide network of carriers that can take your consignment to every major Australian city. We connect you with the best solution for your business at the best possible price.

Full container load — we offer single point of contact for customised container transport. Our Australia-wide networks with advanced container freight transport capabilities enable us to provide a wholly integrated solution.

Our national distribution capabilities place all of Australia within your reach. Being on-time and in-tact is our promise to you. Depend on our dedicated services when you need them, no matter what your domestic freight requirements or complexities.

Nationwide Air Freight

One Express provides a complete one-stop air freight solution. Boost your business with fast and flexible air freight whether you need urgent same day or express overnight delivery. Sensitive freight receives the same star treatment with purpose-built perishable or fragile transportation innovations. From smaller consignments to multiple pallets, we offer air freight capabilities to respond to your specific requirements.

Rest assured that whatever your air freight requirements, **One Express** has an optimum solution. We customise solutions to accommodate any air freight cargo, no matter what the size and complexity.

International Air Freight

We customise our international air freight solutions to match your individual needs. Regardless of cargo type, size and complexity, we offer you the best price and solution.

Urgent consignments are responded to with the shortest possible lead-time. From collection to delivery, you'll always know exactly where your consignment is.

One Express rises to every challenge with specialist infrastructure achieving diligent duty of care plus expert monitoring all the way.

[Let your business take global flight]

Sea Freight

Meet your single source sea freight solution: **One Express**. We ensure every aspect of your individual shipping specifications are smooth sailing.

Have a full container load? **One Express** offers a worldwide sea freight solution. Our customised sea freight services are agile enough to accommodate even the most complex requirements. Plus, our full circle container monitoring and tracking keep you in control every step of the way.

Customs compliance and documentation demands can be one of the biggest challenges underlying sea freight requirements. **One Express** helps you steer through customs complexities with ease, protecting your business from costly penalties. Our end-to-end service encompasses customs clearance and tariff classification — all handled seamlessly on your behalf by our sea freight specialists.

[Experience a new wave of global reach]
