## Camp Curriculum Schedule

Monday and Tuesday 9am -12pm

9:00 - 9:10	Dynamic Warm-up
9:10 - 10:00	Airgame technical development
10:00 - 10:05	Break
10:05 - 11:00	Skill and Move development
11:00 - 11:05	Break
11:05 - 11:30	1 v 1 battles
11:30 - 12:00	3 v 3's creativity development

**Dynamic Warm-up** - high level players need to engage several muscle groups in order to maximize their development and minimize injuries.

**Air-Game** - This stage allows the player consistent touches out of the air to clean up a technical area that most players pass over. This will involve a wide array of touches and juggling skills out of the air.

**Skill and Move Development** - These are the raw, repetitive touches that allow players to beat others with feints, fakes, and agile movements.

**1 v 1 Battles** - You can practice your technique for hours and never use it. 1 v 1 battling allows the player to consistently use their skill to go at the opponent with speed and creativity.

**3 v 3's** - The 3 v 3 environment provides each player with repetitive situations to use their skill and technique defensively and offensively.

## Camp Philosophy

This mini camp is designed to push technique and quick decision to the average or high tiered player prior to the summer development months.

Players in the Cleveland area are consistently pushed to win games and during the process will sacrifice skill development. This mini-camp format provides a basic template for players to begin or extend the missing skill development model that is lacking in today's win at all cost environment.

Players will be divided into age group/skill groups on the first day and progress through each session within that skills group.

Players that need special attention need to address their personal needs with one of the senior staffers prior or during camp. We will accommodate most needs, but will not change our camps philosophy.

Interested in playing in a small sided environment?

We will offer all campers the opportunity to play the very next weekend in the Kick Diabetes 3 v 3 event, and several events (small sided) listed in this brochure.
