FOR SUCCESS

SRINIVASAN SOFTWARE SOLUTIONS PVT.LTD.,

A HOUSE OF BUSINESS INTELLIGENCE

SSS

Srinivasan Software Solutions Pvt. Ltd., is a globally recognized and rapidly growing organization established in 2009, in the temple town Tirupati in the state of Andhra Pradesh.

We started with the sole intention of providing best-in-class, cost effective IT Services and Enterprise Solutions.

we are committed to deliver fast, flexible and powerful solutions by following best implementation strategies and practices with best user experience.

SSS - Diksha CDC

Diksha CDC is a new initiation of SSS with objective to promote cutting edge Technologies among students & professionals with a unique practical oriented training methodology that helps to place them across the globe.

Diksha empowers students with innovative mentor-based skilled training programs that brings out the best abilities of the students to be versed with emerging trends in technologies, domain and tools to build up a best career for the future.

Entire approach revolves around building a plan that suits to each individual based on:

What you want in your career?

Where you want to see yourself in 2 years of time?

What you need to achieve your goal?

"Our Care & Teach Philosophy" is not just a part of training; it is integrated into everything we do.

We cater our trainings on the basis of student requirement and evolving trends.
