WHY SPECGRADE?

Our specialty line of LED specification-grade, high-output innovative LED luminaires has given architects and engineers, nationwide, the reason to rewrite their specifications. Utilizing not only the most current LED technology and drivers, coupled with premium optics and thermal management techniques, we

have raised the bar to a new level.

INDUSTRY **APPLICATIONS**

From warehouses and factories to sports arenas and natatoriums, our high-quality LED luminaires can be used in a variety of indoor and outdoor applications.

OUR CLIENTS

SPEC WITH **CONFIDENCE**

With over 30 years of industry experience, we've realized that it's not all about the product – it's also about great service. Our team of engineers, CAD modelers, and metal workers stand ready to either modify an existing LED design or create a new LED SKU for your current or next project.
