Subject: RE: RESOLUTION - CEASE / DESIST

Please be aware that the public defender will need to work with us and Heidi on this matter. As Heidi's conservator, I instructing you to not take her to an attorney that we have not spoken with and that has not been court ordered.

Thank you,

Rebecca

Subject: FW: RESOLUTION - CEASE / DESIST

Good morning Rebecca.

I plan on assisting Heidi today in getting a pro-bono attorney to represent her with some recent conflicts that have developed at Markham Plaza. Neither of us are responsible for causing this, I have not only made efforts to avoid this, I had attempted to discussclarify and resolve peacefully and reasonably through the proper chanel, and so far this has failed. On Monday morning, Elaine went out of her way to start trouble with us and made two false and baseless allegations against Heidi for no aparent reason but to be vindictive. This did not seam to upset Heidi very much, but did confuse her abit. She is doing ok.

I know that I have a tendency to be reactive at times, but in this case, I have treaded very delecately and tried to stear clear and Elaine has gone out of her way to cause trouble as if to provoke a reaction.

I am keeping you in the loop, but I do not believe it is nesenary to get too involved as of yet. If you choose to get involved, I hope you will do so objectively without bias,

encourage them to please keep this simple and talk without it having to escalate, and please wait until Heidi has her housing attorney & has made contact with George Abel (pdo).

I request that you please keep us in the loop regarding any correspondences with Markam Plaza, so that Heidi is not deprived of any opportunity to defend herself regarding her federally protected fair housing rights. I plan on disengaging from this as soon as her legal representation is secured, and to not directly involve myself unless necessary.

Dont worry. I've had some experience and I can handle this ok. I have exercised restraint and I will continue to do so , and make every effort to minimise conflict

Thank You,  
Cary-Andrew Crittenden.
