Distance: 13 miles to visit all three establishments. Makes a nice afternoon trip.

Brewery & Distillery Tour

Prohibition Distillery

This craft distillery, which opened in October of 2008, is located in a newly renovated 1929 firehouse, and was inspired by the history of the United States, the peoples will, and the art of libations itself. It is the home to the award winning Bootlegger21 NY Vodka. Visit and find out their secrets in how they make their vodka, gin and whiskey – and say hi to Brian for us.

Make a left out of the driveway and an immediate right onto N Branch Callicoon Center Rd (County Rd 122). Stay straight for 12 miles – the road will change names to Gulf Road during the drive. Approaching Roscoe, you will make a right onto Stewart Brook Road to pas over the highway, then make a quick left and a right onto Union Street. You will see the distillery on your left.

* * *

Once you are done sampling, continue on Old Route 17 for 0.2 miles and then make a right onto Main Street. Pass through Livingston Manor – stock up at Main Street Farm and Brandenburg Bakery, or do some browsing on Main Street, where there are fabulous clothing and outdoor stores, art galleries and more. Stay straight through the light (you are now on Shandeele Road) and head up the hill.

You will pass right by The Arnold House on your left (consider stopping in to the tavern to refuel, and let Pete give you a full size pint or cocktail – we carry all of the beers and spirits in house) before heading back to North Branch. To do so, you will continue past the Arnold for 1 mile and make a right onto Stump Pond Road. Turn right in 1.3 miles onto Hahn Road and continue for about 2 miles, staying slightly left at the end to be on Weissman Road. Make a left onto Gulf Road, which should look familiar to you, staying straight for 5 miles and then at the stop sign, make a left onto N Branch Road and the inn will be on your right.
