

THE ARK INITIATIVE

The ARK Initiative

Set among the merging of cultures, God has provided **The ARK**, a place of **safety, healing, training and care.**

The ARK Initiative was established in conjunction with Global Catalytic Network and Life On Mission Australia, to actively engage in the building of the church in Burma (Myanmar) and among Burmese refugees in Thailand. God is doing dramatic and miraculous work among many people groups. Hundreds of Burmese are finding and following Jesus in obedience through persecution, hunger, poverty and sickness. **God's kingdom is growing in Burma!**

1

PRAY

Pray for the ongoing discipleship training of Indigenous leaders.

2

SUPPORT

The ARK Initiative guarantees that all of your support is invested in people!

3

DECLARE

become an ambassador for The ARK initiative in your church, school or city.

Bible Translation

Providing Burmese & Thai audio, text and picture bibles to reach Buddhist & Muslim background people.

Early Childhood Center

Training Burmese early childhood teachers at a local village level.

Medical Support

Providing basic dental & health care for displaced Burmese families.

'The ARK'

Situated on the outskirts of Tak province, Thailand, the Ark is nestled among refugee villages bringing light & hope to the generations.

The ARK initiative is actively involved in proclaiming the gospel of Jesus through the seven states & regions of Burma and to the thousands of displaced Burmese people on the border regions of Thailand. The team works to train and empower unreached Burmese people to reach their own people groups and has seen hundreds of baptised believers planting simple church networks across Myanmar (Burma). The gospel of Jesus Christ is being propelled throughout the country by the radical and immediate obedience of these new disciples.

Persecution of believers within Burma is a constant companion. Life is often uncertain and the need to provide responsive intervention to ensure the safety and health of the believers is paramount. 'The ARK Initiative' has a training centre and safe house (**The ARK**) across the border in Thailand which provides safety, healing, training and care to both believers and at risk individuals.

We are also engaged with nutrition, education, bible translations and indigenous music as part of the ongoing work of 'The ARK Initiative.'

Join Us!

Your partnership in this mission of reconciliation is important to help us fulfil the commission of Jesus for the gospel to go to the 'ends of the earth.'

Our organisational structure is simple and allow us to deploy kingdom resources for maximum effect.

You can assist us to push back the darkness with the light of Jesus through your financial support

DONATE

Thank you from the team at

Farm Project

Community gardens and fish farming to increase nutrition for low income families.

Training

The ARK is the hub for raising up Indigenous leaders in the discipleship movement.

Safe House

A place of safety, healing & care for persecuted believers and at risk individuals.

SAI - RESCUED FROM TRAFFICKING

Sai is a young man who was orphaned as a small boy. He struggled to find a place in a family and eventually found his only hope for survival was to join a drug trafficking gang. This only led to more brokenness and heartache as his life spiralled out of control. Then he met 'Uncle', a Burmese disciple with The ARK Initiative. Together with some of his friends he found safety at The ARK, heard the gospel of Jesus and chose to follow him and be baptised. Life isn't easy for Sai, but he has found a family and a new purpose!
