

A homage to the area's most famous son,
The Birds has Alfred Hitchcock at its very core.

Taking the great filmmaker's use of shadow and silhouette to create suspense and excitement and a unique feel and ambiance, no lamps are visible. Instead light flows out from behind screens, shades, and shields giving a warm glow and creating the perfect atmosphere for any event.

What we're saying is this is a pretty special place, and one definitely worth looking at.

OUR BAR

This expansive room is the perfect space to pop along and chill in, party with pals or have after works drinks.

Join your chums and colleagues and work your way along the craft beer tap wall. There's space to dance and chill no matter your mood.

Super cool features lurk along the walls, from spinning water wheels to bird seed dispensers.

BEER & BOOZE

We take our beer
very seriously

The Birds always have the latest and most interesting brews from the local and international craft beer scenes. We back that up with a tasty wine list for the grape lovers and great craft spirits for those seeking a little...more.

Stay hydrated with our everchanging infused water range, just help yourself at the bar.

AVIARY

Although this beautiful space is not available to book as an exclusive area, we can save you a part of it. Astroturfed, with wooden huts all under a blanket of fairy lights, it's always a starry night in Leytonstone.

KITCHEN

Our kitchen is bird crazy

From savoury waffles to chicken on a brick. Just ask us for a menu.

If you are looking for a more bespoke menu we would be more than happy to tailor one to your needs; from 2 to 7 course meals, canapes, buffets to all out banquets. Perfect for catering work events to social celebrations.

EYRIE ROOM

First floor sees another wooden-floored room, and again it's just a bit more interesting than most spaces

You will find the space extremely useful for all sorts of events. The DJ booth is built on a washing machine, with CDs and vinyl decks available. There's a private bar so you get to keep the vibe contained in the room. Perfect for all parties, from anniversaries and birthdays, to low key wedding receptions and other celebrations.

But the room is perfect for daytime bookings too. There are giant sash windows on two walls that let the light flood in. But if you want to keep it out there are shutters too, making the perfect natural light studio for photography.

If business is your game, this space is perfect for meetings, seminars and conferences – with a projector and screen available to use, complimentary wifi, plus unlimited tea/coffee/pastry packages, as well as lunch and dinner bolt-ons. It's a truly universal space – hosting everything from dance
