Self-taught programmer knowledgeable in full-stack development, business planning, and SEO. A resourceful self-starter able to work independently or on teams. Always striving to learn new technologies and apply them to my work.

Please visit my [personal website](#) or [GitHub account](#) for more.

EXPERIENCE

www.bfitzsimmons.tech

December 2016 - Present

Web Developer

Developed e-commerce WordPress websites for individuals and small businesses. Expanded skills in front-end development, back-end data management, UI design, and Content Management Systems.

IUD.com

August 2016 - December 2016 (4 months)

Developer and Social Media Marketer

Built and deployed an online directory for health clinics using a system similar to WordPress. Gained experience in web design, development, SEO, and social media marketing.

[Chungdahm Learning](#)

August 2015 - August 2016 (1 year)

English Teacher

Taught English to elementary school students. Managed classrooms of up to 13 children. Performed administrative work including lesson planning, staff meetings, and extra-curricular development.

[University of Virginia](#)

2013 - 2015 (2 years)

Resident Advisor

Ensured mental and physical well-being of 20 first year students in residential hall, plus over 200 residents in other halls. Programmed hall events to create inclusive, welcoming, and fulfilling community. Provided career advice, academic counseling, writing tips, and help with personal conflicts. Frequently coordinated with superiors and fellow RAs to address resident concerns.

EDUCATION

[University of Virginia](#)

2011 - 2015

Bachelor of Arts (B.A.) with Distinction in Foreign Affairs

3.91 GPA, Echols Scholar, Dean's List, Intermediate Honors List, Minor in Astronomy
Resident Adviser, Phi Beta Kappa, Cavalier Xfit (Co-founder)

[Free Code Camp](#)

May 2017
