AT THE WEST PALM BEACH GARDEN CLUB IN DREHER PARK
IN WEST PALM BEACH, FLORIDA**

OUR CODE OF ETHICS: HAVE PERMISSION AND DO NO HARM

MARCH MEETING – THE SILENT AUCTION!

Each year our Silent Auction is YOUR opportunity to bid on some GREAT items and walk away with some real bargains! It is also an opportunity to rid your closets of items you no longer want or need, all to benefit the GCTC. Here's how it works: Members go through their closets, metal detecting bag and garage in search of items they no longer need or want. Bring them to the March meeting for our Silent Auction where one person's "trash" becomes someone else's "treasure!" Desirable items: *working* electronics, metal detecting equipment, books, videos, DVDs, CDs, tools, household items, arts and crafts, jewelry, coins, display cases, sports equipment, hobby items, gems and minerals, etc. If in doubt about the appropriateness of an item that you wish to donate, e-mail **Stacey**: sdeLuc823@aol.com. (Volunteers to set up are appreciated. Please come to the clubhouse by 7:00 p.m.)

Linda Bennett volunteered to bring Refreshments for the March meeting. Thanks Linda! We'd like to also thank **Cheryl Petenbrink** for volunteering to stump us with a Mystery Item. Be sure to bring ALL the items you find for the Tall Tales Table. You could win a silver half-dollar!

JOIN US FOR SOME PRE-MEETING FUN!

A group of us get together for dinner at 5:30 p.m. right before each club meeting. Won't YOU join us? Everyone is welcome! This month we will go back to our old location – the back room of **PA BBQ** in Lake Worth. Dinner is Dutch Treat - That means BRING YOUR OWN MOOLA!\$!\$ (GCTC members are encouraged to suggest centrally-located restaurants that can accommodate between 10-15 diners. We are open to new ideas!)

America's Newest Citizen – Nikolay Malchev

On February 27, 2008, America accepted as one of its own club member **Nikolay Malchev**, internationally known on the Internet treasure hunting forums as "The Bulgarian." Congratulations, Nikolay! Those of us who hunt with Nikolay know that this day has been one that he has looked forward to for some time! He is AS proud to be a citizen as we are to have him join us!

Nikolay's daughter **Radina** also became a citizen that day, and his wife **Rumyanam** (nicknamed Rummy) is scheduled to take her oath on March 11th. So, please be sure to give the entire Malchev family a big hug or shake their hands when you see them, for they are America's proudest new citizens!

HUNT MASTER EDITORIAL

The planted hunt that **John Lobota** and **Ernie Bouyoucas** sponsored at a local park exposed members to another type of metal detecting. Many members, who normally hunt only the beach, have returned to this park. They are finding not only items that were planted, but many other old coins and jewelry. I have actually been requested to have more park hunts.

In Florida, parks are overlooked due to miles of beaches that can be hunted. Also, beach hunting on dry sand is very easy digging. Parks are a different story. The digging is harder. Trash is very prevalent and can mask the good signals. More skill is involved in park hunting. Two skills that are necessary for this type of hunting are accurate pinpointing and probing. Pinpointing and probing will decrease the time it takes to retrieve an item and also the size of the hole. Another important habit is **filling all holes!** More parks have been closed to metal detecting due to holes being left unfilled.

Practice - and I repeat **practice** - to get these two skills down. Place a piece of paper down on the ground. Under that paper place a half dollar. Now use your detector and pinpoint that half dollar. Place a mark on top of the paper, then check and see if the coin matches the mark. Find out where your coil pinpoint spot is; it is not always in the center of the coil. Each coil can have a different pinpointing spot. Try smaller size coins and practice with your pinpointing. Once you have your pinpointing down, try using a probe. Once you can locate a coin with a probe, the size opening you need to retrieve the item can be dramatically decreased.

Shovels should not be used in parks for digging. No matter how well you refill your hole, the perception will be that you are out to damage the lawn. Park rangers and other park users will look at that shovel with much distrust. That is why you should only use a small trowel no more than 3 inches wide. And yes, park hunting is more physical because of the bending and up and down motions. Future hunts will help you work on these skills.

**The American Dream
"Salvaging Spanish Sunken Treasure"
2008 Seminars**

Over the past 13 years **Bob "Frogfoot" Weller** has conducted seminars on "Salvaging Spanish Sunken Treasure," opening the door to those who have hoped one day to become involved in the American Dream. The seminar is designed to "show the way" for successful salvage. This year he will be holding two seminars in June, about the time that salvage groups head to sea. The dates are June 9-12 and June 23-26. These are Monday thru Thursday dates, allowing a week-end for those who would like to enjoy some Florida sunshine and possibly more diving in the Florida Keys.

The seminars include the following: two days of lectures by prominent salvors who have had their stories published in National Geographic. The third day is an auto tour of the 1715 Spanish treasure wreck sites, a visit to the Mel Fisher Treasure Museum in Sebastian, a visit to the McLarty Treasure Museum in Wabasso, and lunch at Capt. Hiram's in Sebastian. The fourth day is a shallow water (14-16') dive on the 1733 Spanish galleons "El Infante" and the "San Pedro" in the Florida Keys.

Transportation from the airport to local hotels is included, as well as the tours of 1715 wreck sites, and the Florida Keys 1733 dive site. SCUBA tanks may be rented at the charter boat site in Plantation key. All lunches are provided. There is an excellent B&B in Lake Worth, close to great restaurants and antique row, that is within walking distance to the ocean. Rates are \$125-\$190/night with the 4th night free. Enrollees must make their own arrangements with motel/hotels in the area. Cost of the seminar is \$750/person with a deposit of \$250 required to reserve space in the seminar. A maximum of 10 enrollees will be allowed per seminar.

Reservations for the seminar can be made at "Crossed Anchors" 1818 17th Ave. N., Lake Worth, Fl. 33460-6432

FEBRUARY PROGRAM

Six guests and 46 members attended the program presented by **Captain Dom and Yvonne Addario** which focused on the shipwreck off the beach at Jupiter, now known as the Spanish King's Aviso vessel the San Miguel Archangel, which sank in 1660. Captain Dom attempted to show the members a PowerPoint presentation using a laptop, but had technical difficulties. Not to be stopped, Captain Dom shared how the shipwreck site was discovered, what was involved in protecting the site and, of course, the finds!

Yvonne, Capt. Dom's wife, has written a book, "Treasure Diving with Captain Dom." She discounted the book to our members and signed all purchased copies. Those who attended were able to touch the artifacts and coins and taste the fever of treasure hunting. Captain Dom asked our members to scour the Jupiter beach area and let him know what we find. He also said that he would enjoy coming back in the future.

President Bouyoucas presented Captain Dom and Yvonne with mementos from the club in appreciation of the evening. Yvonne then donated a copy of her book to the club for our library.

The **Frank Nash Family** put out a great spread of food for break time. A variety of desserts were also available along with a birthday cake for daughter, **Pauline**. The club thanks **Frank, Paola and Pauline** for the refreshments.

Good Will Ambassador Performing Random Acts of Kindness

The GCTC recognizes members who provide selfless service to our community. The first time a member returns an item, that individual receives a metal detecting pin (crafted by **Steve Hoskins**) to wear on his or her hat, in addition to a certificate of appreciation. Future returns are recognized by a certificate. Kudos to all club members who go out of their way to return items to their owners, thereby advancing our hobby and putting our club in a positive light!

SOUTH BEACH HUNT IN MEMORY OF RICHARD ZABRISKIE

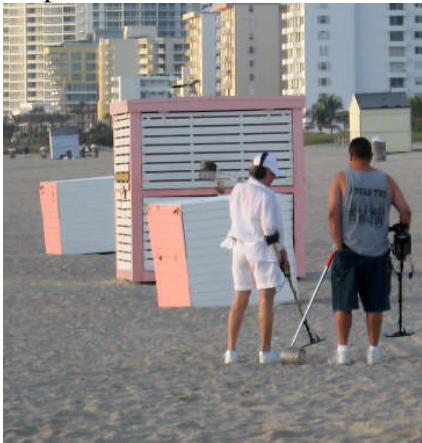

Twenty-two club members, along with **Richard's wife Kazhie** and their son **John**, gathered at South Beach. Just before sunrise, at the water's edge, members and family reflected on Richard's passion for metal detecting at his favorite hunting spot. A memorial wreath, made by **Linda Bennett**, was passed around for each individual to remove an object and throw it into the water.

The club hunt began just as the sun was rising. The weather was perfect - not too hot and with a nice breeze - great for all beach hunters. The water was flat and the conditions perfect for the water hunters. Although they tried to stay away from the area into which the memorial wreath objects had been thrown.

Kazhie and John tried their hand at metal detecting after some helpful hints from other members.

Photos by Steve Hoskins

At 9 a.m., breakfast was eaten at one of Richard's favorite SoBe restaurants. The memorial photo album was passed around the table. **Linda Bennett** had gathered pictures of **Richard's** highlights with the club since joining in 1991 and presented the album to **Kazhie**. The club members donating their pictures were: **Linda Bennett, Steve Hoskins, Gail Hoskins, Karen Larson, Ken Lubinski, Bob Dobski, Betty Laur** and **Stacey deLucia**.
