## NATIONAL METAL DETECTING DAY

Minelab has declared May 19th, "National Metal Detecting Day"! This is a day to celebrate our favorite pastime and hobby with friends and family.

Minelab is kicking off the first annual event with sponsored hunt events in six major cities throughout North America - one of those cities will be Orlando and Kellyco will be hosting this free event.

See insert for more information.

## DATES SET FOR CHILDREN'S CAMP HUNT ON JUNE 13 AND 14

Once again we will be making a large number of kids at the Camp very happy showing them how to enjoy the hobby of metal detecting for treasure. As before we sincerely need your help with finding enough foreign coins to hide for those kids. *Also toy cars, jewelry and such to spread over the field for them to find too.* Please try to mention to your clubs to help with this, it is an ongoing activity throughout the summer for the many kids they see each year. I'm sure we will see some 175 to 200 kids during our two day visit, so anyone that wants to help us with the wonderful kids, you are invited, please come. Thanks so much, Keith Wills.

*Linda will be collecting all foreign coins, toy cars and costume jewelry from both clubs at the May meeting and mailing these items.*

*In honor of those who sacrificed.*

**Memorial Day - it is a time to honor those  
Americans who have died while defending our  
country and its values**
