

We offer audiovisual event services and computer equipment rental. Rent audio, video, stage, truss equipment, podiums and lighting.

**Expert solutions. Realistic pricing. Professional equipment.**

**The next level of service.**

**AV NYC, Inc.** is not a typical event rental business. We are proud to be very personal. Our team is committed to providing our clients with a wide array of best AV and staging products that help them run a safer, more efficient and more profitable event operation. We work as a member-driven team to create the highest experience for your affair. We'd love to work for you!

### **Last Minute Requests**

There are no guarantees, but we do our absolute best to accommodate your last minute request, and get you the AV gear as fast as possible. If we do not have the equipment on hand, we will check all our sub resources to locate and organize what you need. If it can be found, we will find it. Don't waste your personal time for calling to multiple AV market flicks - let us do the work for you. What makes us truly stand out is our onsite AV equipment delivery and setup service for the entire NYC metro area.

No driving around the streets of New York trying to locate truss, stage, or audiovisual equipment, or leaving your event to pick it up at the last minute. You can contact us for AV equipment rental, video camera rental or computer rentals at any hour and day – we are not your typical nine to five company that is only open during the business days. If you call on a Saturday night, or even Sunday morning the odds are good that we are out and about delivering event equipment all over NYC, and we would love to do our best to accommodate event request!

### **Why Choose AV Rentals NYC/AV NYC?**

We provide professional AV installation and support services for trade shows, concerts, fundraisers, corporate and private events. We rent and install audiovisual systems including live sound reinforcement, complete sound distribution with ceiling speakers, audio recording, video conferencing, ceiling mounted

microphones, high resolution multi-screens, and LCD projection. Our professional staff has the knowledge and experience to ensure that all your audiovisual needs are met. Our promise to you is that our AV systems are effective, audible and well designed. We make sure that every detail is taken into consideration, from concept to completion. Our AV consultants do the research necessary to determine what technologies are currently available and how best to use and integrate these technologies within our designs. Our systems are customized to supply you with the tools you need to communicate effectively with your audience. When you choose #AVNYC, you're choosing a vendor that is an AV market leader, and is dedicated to helping you succeed in all audiovisual communication tasks you undertake.

## No Job is Too Small

AV Rentals NYC/AV NYC has projected and mounted AV systems, lighting and staging projects ranging from \$500 to \$300,000. It has given us the experience necessary to tackle any event solution. So many of our clients are amazed to find out we have affordable solutions for entry-level video, audio, and lighting, or that we've installed sound and video/projection systems for big ballrooms and largest NYC's venues. We specialize in meeting the AV needs of trade shows, conferences, panel discussions, training sessions, corporate and private parties. We also offer a basic service, like TV or projector rental, PA system rental, and small package lighting rental for any events. For larger audiovisual productions, AV Rentals NYC has a crew of experienced technicians and audio/video engineers to help you with everything from specific event planning to professional staging and high-end entertainment solution. With experience gained from working with more than thousand clients each year, we provide with the East Coast finest audio, video, and lighting equipment and services for your event whether it is a product lunch meeting in a restaurant, or a multi-session conference in Hilton or Marriott Marques.

## Our Pro AV Design

At AV Rentals NYC/AV NYC we're not just making audio visual rentals and audio video installations, we create great impressions. We've demonstrated to our clients and their guests that we can transform any presentation into an event reality. Tell us if you want us to create a fresh new event concept or need us to produce professional event from your existing specs. We combine our creativity with the latest AV and computer technologies to generate a variety of options for you to choose from, and to produce very special design for your next event if you need it. A leader in AV design, consulting, project management, custom installation, and post-installation services, AV Rentals NYC personnel has been providing services to many companies in NYC for more than 10 years. We have a team which is qualified and has had even more practice than the in-house AV staff. We are familiar with Labor Codes and Union regulations, and can obtain all the necessary permits to perform our AV job according to your request repeatedly in any hotel in the city. Our service team is praised as one of the most reliable and efficient installation technicians in New York. We promise you will be pleased with your perfectly working AV equipment rented from us as well as properly installed AV application.

AV Rentals NYC/AV NYC is a vanguard NY company committed to stunning design, seamless integration and superior performance in the audiovisual, lighting, and staging event industries. We are always able to provide our clients with the professional solutions to their most comprehensive needs. We also go beyond the basics by providing instruction on advanced features to maximize your use of the installed technology; giving you a higher return on your investment.
