

The Harmon Group has been in business for over 17 years and has made significant contributions in support of numerous minority and women businesses via including mentoring other minority and women owned businesses, sponsorships in support of minority businesses, support for students, working with corporates in support and engaging business opportunity matches, etc. Ms. Harmon has been a stellar support to many and always finds a way to support diversity initiatives when there seems to be no any way to do so. She is deserving of this special recognition and I support her for her very special demeanor and dedicated sincerely.
