

Not-To-Be-Missed Accents For Your Kitchen

I love cooking and trying out new dishes for my loved ones. Hence, kitchen is one of the areas of my house I spend most of the time in. For this, it becomes essential for me to accentuate this corner of my house, to make myself feel good. I am a working woman so I hardly get time to shop for my kitchen. So, finding kitchen essentials to beautify it, was not an easy task. But at the same time, I could not ignore it as well. My expectations were quite low while browsing through countless [Kitchen Storage items online](#). However, there were few that completely stole my heart. Such unique pieces of accents that not only are good storage solutions but also beautifies your space. Let me take you through the products I could not resist buying.

Royalty Ceramic Canisters

These matte finished canisters not only help in storing things but also add to the beauty of your kitchen decor. These ceramic canisters give an earthy look and abundance of freshness with it being topped with the wooden lids. You can store everything you want to. From cookies, sugar, spices to your favourite food items. Mix and match their patterns with the theme of your kitchen.

Nightingale- Glass Storage Canister

This Nightingale Glass storage canister gives an immediate fresh look to your kitchen with its green coloured nightingale print over it. It simply adds elegance to the kitchen, at the same time is a wonderful storage option for when you wish to give your kitchen the burst of colour, freshness and style. Not only kitchen but it can also be kept over dining tables to serve preservatives. It simply is an incredible utility option maintaining the smart and beautiful. The Decor Kart has wonderfully incorporated Pantone Colour Greenery.

Gold Glass Counter Canister

Bring style to your kitchen storage with this Gold Glass Counter Canister. The perfect way to glam up your space right from kitchen counters to the wedding tables. This transparent piece can also be used to display decorative flowers. It is essentially used to store food items that could be visible through the see through the glass of the jar. I store food items like dry fruits, cookies, marshmallows and chocolates and place them over the dining space as well to make them look inviting.

'I Love Coffee' Ceramic Storage Canister

This ceramic storage canister reflects my love for coffee perfectly. The wooden lid on the top, adds a touch of simplicity to this decor accent. 'I love coffee' written in gold hue on this toffee coloured canister gives a unique aspect to your love for coffee. I have exclusively got this product to store coffee. Every time I see this canister in my kitchen, my love for coffee is rekindled. It is a must buy for all the coffee addicts out there.

Cupcakes- Set of 5 Storage Boxes

Level up your storage game with this set of 5 storage boxes. Quirk up the corners of your space with this amazing set of storage boxes with the cute print of cupcakes over it. These boxes when not in use can nestle inside each other for quick storage. With this product, The Decor Kart shows how their products are not only beautiful and good for storage purpose but also save space when not in use. I personally use these boxes to store sweets and other knick knacks.

Kettle Top Airtight Glass Jars

This set of two kettle top airtight glass jars is just perfect for storing snacks for tea times. The miniature kettle placed on the lids of the jars add an adorable charm to the accent. Let your tea times be memorable and worth cherishing with the snacks stored in these stunning jars. The set of 2 jars come in two colour options to brighten up your tea parlour.

The online websites not only solved my problems of getting such amazing products at affordable prices but also brought me those items, without having to go anywhere, right at my doorstep. The packaging of the products is what surprised me the most. They make sure, your products reach you on time without a single scratch. After getting such an experience I am bound to do rounds of shopping for my space from online websites.

My secret recipe of being a good cook is not only in the ingredients but also lies in the ambience I cook in. It was a moment of sheer joy for me when my kitchen jazzed up with these decor items.

You too can add a hint of sugar, spice and everything nice in the most flavourful room of the home. It's time to upgrade your kitchen with style and decor. All you need to do is grab some quirky and distinctive Kitchen Storage items online to adorn your kitchen.
