## us open

You travel with Grand Slam Tennis Tours for the comfy accommodations and incredible tennis tickets, but we've built our name for twenty-five years on so much more than that. From the frequent transportation, to the welcome dinner with Grand Slam champions, to the friendly Grand Slam Tennis Tours staff always on call to help make your US Open trip even better, you might be just as awed with the inclusions and services as you are with your championship tennis tickets.

## our packages

The US Open is the final and most exciting Grand Slam of the year. Arthur Ashe Stadium and its capacity of nearly 23,000 possess the energy and electricity akin to the Super Bowl – especially night matches. Even during the day you can walk the grounds and see some of the top players on the outside courts, and there's plenty of shopping, restaurants, and interactive booths for the whole family. Grand Slam Tennis Tours travel packages are the most flexible way to experience US Open tennis; from our variety of seating in both Arthur Ashe and The Gradstand Stadiums, to our hotels located in midtown Manhattan, and our round trip transportation.
