The screenshot shows the 'View Wallet Info' page on the MYBIT website. The navigation bar at the top includes links for 'New Wallet', 'Send Ether & Tokens', 'Swap', 'Send Offline', 'Contracts', 'ENS', 'Check TX Status', 'View Wallet Info' (which is underlined), and 'Help'. Below the navigation bar, the page title is 'View Wallet Info'. A descriptive paragraph states: 'This allows you to download different versions of private keys and re-print your paper wallet. You may want to do this in order to import your wallet to another wallet. If you want to check your balance, we recommend using a blockchain explorer like [etherscan.io](#).' The main content area is divided into two sections. The left section, titled 'How would you like to access your wallet?', contains a list of radio button options: 'Metamask / Mist', 'Ledger Wallet', 'TREZOR', 'Digital Bitbox', 'Keystore File (UTC / JSON)' (which is selected), 'Mnemonic Phrase', 'Private Key', and 'View with Address Only'. Below this list is the text 'Parity Phrase: No longer supported'. The right section, titled 'Select Your Wallet File', contains a button labeled 'SELECT WALLET FILE...'. A large green arrow points down from the top right of the image to the 'View Wallet Info' link in the navigation bar. Another large green arrow points from the left side of the image to the 'Keystore File (UTC / JSON)' option. A third large green arrow points up from the bottom right of the image to the 'SELECT WALLET FILE...' button.

Token Balances

Ahh! There are too many tokens for our poor nodes! Click "Load Token Balances" to see them all. You are limited to loading these once per minute. Try checking your balance on <https://etherscan.io> or [Ethplorer.io](https://ethplorer.io) instead.
