INTRODUCTION

When we develop others, we develop ourselves even more and as a result we are able to multiply the value we add to our organisation, our loved ones and the world. Coaching and mentoring is certainly a highly fulfilling and rewarding work that can last a lifetime.

The CCMP Program brings together the best in the world learning solutions with three Top Mega Gurus; namely Thomas G. Crane, Dr. William J. Rothwell and Jack Canfield.

A Coach draws out the best solution from within the coachee rather than providing the solution. Coaching creates a great sense of ownership, accountability and commitment from the coachee that enables greater accomplishments in work and life.

A mentor is able to act as a role model and share a great wealth of experience and expertise to teach, advice, guide and support the mentee to achieve accelerated results and growth.

Certified Professional Coaches and Mentors gain mastery of advanced coaching and mentoring techniques that can be used in synergy to coach and mentor followers, clients and loved ones through their lifetime to achieve breakthrough results.
