

Beverly Hills Hair Restoration

Hair Restoration at Beverly Hills, California

Best hair regrowth using PRP plasma therapy

As a leading expert and pioneer of Platelet Rich Plasma hair restoration, Dr. Kahen has implemented the most advanced solution to prevent hair loss. SmartPRP® is Dr. Kahen's patent pending Platelet Rich Plasma technology. SmartPRP® generates billion platelets and growth factors unmatched by any other PRP technology. Now you have got a no pain and the simplest method for growing your hairs back rather than those painful and long procedures. Yes, It's possible through a simple technique called [PRP plasma therapy](#) (Platelets Rich plasma) by using nothing but your own blood. ACell + PRP injection is performed during your hair restoration procedure. This allows there to be more growth in certain areas as well as a more optimal healing environment on the scalp.
