

## Singapore Receive New A380

Singapore Airlines has taken delivery of the first of five new A380 aircraft scheduled to join the carrier's fleet over the coming year, at a special ceremony hosted by Airbus in Toulouse. The aircraft delivered today is the first in the airline's fleet to feature its recently launched on-board cabin products and innovations.

## Delta Order 100 A321 Aircraft

Delta Air Lines has placed an order with Airbus for 100 of the manufacturer's modern A321neo ACF (Airbus Cabin Flex configuration) aircraft. The U.S.-based carrier selected the largest member of Airbus' single-aisle Family to meet Delta's future requirements for aircraft with greater efficiency and additional capacity. The airline's A321neo ACF planes will be powered by Pratt & Whitney PW1133G-JM geared turbofan engines.
