To Whom It May Concern:

Our company has worked with Alexandr Cerlat on many occasions for marketing designs. We have found Mr. Cerlat to be highly responsive and very creative with an eye for detail. Mr. Cerlat has always been very pleasant and accommodating of our needs. In fact, we enjoyed working with him so much, that we made him a favorite designer and we often go straight to him with a project rather than put it out for bid because we know we will get a highly quality expedient result from him. We would recommend anyone seeking a designer to consider Mr. Cerlat, it is our opinion, that he would be an valuable addition to any team.

If you have any questions or would like to see some of the work Mr. Cerlat has done for our company, please email me at spring@skymarkrefuelers.com.

Sincerely,

Spring Wittmeier

To Whom It May Concern:

Alexandr Cerlat has been working for our company as a web designer from March 2014. His responsibilities included design and build our website, create brochures, analysis and plan of complex Web applications using a diversity of technologies. During the progression of his employment, Alexandru proved himself to be a dependable employee and a hard worker with solid problem solving and technical skills.

I was always impressed by Alexandr's capacity to complete the work assigned to him on time. Alexandru not only met deadlines but also describes his concepts in a way that non-experts can easily understand. Although Alexandru is a fast-learner, he is very cautious and vigilant about his work. His quick thinking and cautious personality has helped the company avoid some costly and embarrassing mistakes.

Alexandru would be an asset to have on any team. He pitches innovative ideas at company meetings but also listens to what others have to say, including constructive criticism.

Please feel free to contact me at 847-929-9492 should you like to discuss Alexandr's qualifications and experience further. I wouldd be happy to expand on my recommendation.

Sincerely,

Dumitru Nicolaescu

To Whom It May Concern

Dear (Sir/Madam)

It is a great pleasure to write this letter of recommendation for Alexandr Cerlat.

Alexandr Cerlat had proved to adapt quickly to work environments. He is committed to his work and would deliver positively even before expiration. His outstanding work dramatically improved the online success of our company. Alexandru provided a wide range of services during our collaboration: show displays, expo booths, brochures etc.

Working under pressure is an attribute most common with Alexandr Cerlat. When things need to me done at the eleventh hour, Alexandru is just the perfect fit for the job. He is a practicable person that provides constant original designs and ideas that perfectly fit the needs of our company. Alexandru is a professional at what he does, with the absolute objective of recording success.

I have no reservations in recommending Alexandr Cerlat as he would be a breakthrough for any organization.

I can be reached at any time through my phone number and/or email address if you seek any further clarifications on his strength.

Sincerely,

Andrei Tures

To Whom It May Concern,

Dear Sir/Ma'am,

I am writing this letter as a recommendation for Mr Cerlat Alexandr, whom we have worked with over 6 months from the start of 2017. We approached Mr Alexandr to work with us on designing a new product for our business, the World Travel Scratch Map. With what we requested, Mr Alexandr was able to produce a product better than we had imagined, demonstrating his strong creativity, imagination and initiative in creating a beautiful and sound piece of work.

Mr Alexandr has a nice, easy going nature and can fit in well with any team. He can also work very well alone, with minimal direction or supervision.

We will think of Mr Alexandr for all our future designs and look forward to working with him again in the future.

Please don't hesitate to contact me should you have any questions.

Kind regards,

Jack Timperon
