## Transmission & Components

Barnett Scorpion clutch kit features over twice as much friction surface area compared to stock clutch. Scorpion clutch provides a positive engagement and release. Scorpion clutches incorporate 6 heavy duty coil springs. In addition, an extra spring set with a different spring rate is included which allows the clutch to be tuned for street or race application depending on usage. Tunability is easy without removal of the primary cover. Barnett Friction Plates are compatible with any primary oil. Kit is designed to be used with stock type clutch basket.

Barnett Scorpion clutch kit fits 1986-89, 1990-97 Big Twin models.
