

# THE CLIFTON MOBILE SCISSOR LIFT

## KEY FEATURES

- Complete central access
- Electrical release locking
- Full mobility kit included
- 240v single phase motor
- Removable rear bar

## PRODUCT INFORMATION

The new Clifton is our top spec surface mounted Mid-Rise Platform Scissor Lift. Designed to utilise an advanced assisted fulcrum, this lift is effortless in operation and provides 'Two Stage Lowering'. New for 2016, electrically controlled ratchet locking mechanism, provides a totally secure and reliable lift.

Undoubtedly the class leader in build quality, employing heavy gauge top grade steel & best quality welds, compared to competitive product our price/performance easily surpasses all other lifts of this type making it the clear choice for your workshop. Do not be fooled by cheaper lifts offering inferior quality.

Movement of this lift, from one place to another is a simple task with the built in mobility kit. Equally at home in a commercial or home environment, these lifts will provide you many years of sterling service. Strongman can provide additional services such as delivery and on-site servicing. Please ask for more details.
