Recommendation letter

Melissa Atanasovski | Internship

To whom it may concern,

I supervised Melissa during her internship with LOKE's design team, and she was an exceptional intern during her three months in the team.

Melissa consistently displayed dedication and enthusiasm throughout her internship. She was quick to seek responsibility, displayed an ability to learn quickly, and worked diligently on tasks we set for her.

Melissa's design and illustration skills are exceptional. Her skills across the Adobe Suite are extremely competent and she was rapidly entrusted with a large amount of client work, including branding, posters, menus, flyers, EDM's and Wordpress website updates. Over the course of the internship, she readily produced excellent work and achieved the KPI's we set for her.

Additionally, Melissa displayed her ability to work within a team during branding and strategy meetings, where she added value and creativity to each discussion she participated in.

We are very confident of Melissa's future success in her design career, and we cannot recommend her highly enough.

If you have any questions, please don't hesitate to contact me.

Sincerely,

Katja Vella
