

## AN INTEGRAL PART OF THE NEW YORK THEATRE COMMUNITY AND A TRUSTED PARTNER OF OVER 45 OFF-BROADWAY THEATRE COMPANIES AND PERFORMING ARTS ORGANIZATIONS.

Five OHM got its start off-Broadway and we continue to call the theatrical community “home”. From our highly skilled technicians scattered across the city on any given day to our production management of everything from large-scale musicals to experimental performance art, we have a passion for participating in all facets of the creative process.

As theatre-makers, we believe in the importance of collaboration, the ability to be innovative when faced with a given set of resources, and the power of great storytelling. We are proud to offer a diverse and talented pool of artists and engineers with the experience necessary to bring your production to life.
