# *Message from the Director*

SUIS Hongqiao's 2018 Production of Romeo and Juliet is an "in the round" experience brought to you by a mix of Grade 4 and Grade 5 students. Students will not only be acting in this retelling of Shakespeare's classic love story they will also be taking responsibility for their own scene changes and transitions. Usually not performed by students as young as ours, Shakespeare's language is often exalted on a pedestal as being highbrow and too difficult for students to learn and understand. It has been my aim with this performance to debunk these myths surrounding the bard and try to show that these verses are as accessible today as they were 400 years ago.

On behalf of the student performers and the teachers who have worked on this production please sit back and enjoy as the students tell you a story from another age...

*Sincerely,*  
**Paul Giblin**
