Once you have selected a suitable remodeler for your **kitchen renovation**, then discuss these 6 stellar ideas with them so as to create an intriguing kitchen:

- **Use Mixed Materials**

The kitchen of the contemporary world is a mix and match of different materials so as to give it an eclectic look. You can go for wooden and laminated drawers, textured cement walls, laminated cupboards and a splash of different colors on the walls to give your kitchen a modish look.

- **Raised Platform**

The kitchen is a significant space of a home and should be on a higher level. A raised platform for the kitchen in comparison to other rooms will surely create an impression that your kitchen means a lot to you. This works best with open kitchen as it can demarcate your kitchen from other rooms and the stage serves as its boundary.

- **Make Use of Accent Colour**

The accent colors add vividness to your kitchen and make it beguiling. You can accentuate significant portions of the kitchen like floors, cabinets, and countertops with neutral shades and add use bold colors on components like shelves, backsplashes and lighting to create rhythm of colors and make your kitchen stand out. Paint the open shelves with bright colors to enhance the classiness of the kitchen.

- **Create a Breakfast/Snacks Spot**

If you have a spacious kitchen, then it is totally an amazing idea to create a small dining space for 4-5 people. The space will be used not just to keep your guests entertained but it even enhances the aesthetic appeal of the kitchen.

- **Place Elegant Lighting in the Right Places to Create a Statement**

Lights can add a magical touch to your kitchen. You can place elegant lighting fixtures above an island, countertops, cooking space and in the middle of the kitchen to make that portion attention-grabbing.

- **Hang Your Potware/Utensils**

If you wish to save your kitchen's storage while adding a tinge of sophistication to it, then you should go for suspended pot racks or pot rails. You can create a pot rail above the sink to hang cups and an array of utensils on it. It not just saves your space but serves as a point of attraction of your kitchen.
