

WHAT ARE THE VOICES?

YOU GOT TENOR, COUNTERTENOR, BARITONE, BASS-BARITONE,
BASS, BASSO-PROUNDO, SOPRANO, MEZZO-SOPRANO, CONTRA ALTA,
CASTRATO, GRUFF, SQUEAKY, CHIPMUNK, ROBOTIC, MONSTER, AND
TREBLE.

DO VOICES HAVE GENDER? NOT ALWAYS.

EVERYONE HAS A VOICE.

TESTOSTERONE ONLY ALTERS THE VOICE.

NO VOICE MAKES YOU MUTE OR DEAD.

IF YOU HEAR VOICES IN THE HEAD, THEN IT'S NOT REAL.

WERE THE ONLY SPECIES TO TALK WITH OUR VOICES WHERE NO
OTHER SPECIES TALK WITH THEIR VOICES UNLESS THEY'RE TALKING
ANTHROPOMORPHIC ANIMALS, PLANTS, OR OBJECTS.

HOW DOES OUR VOICE SOUND LIKE? DEPENDS ON ANY GENETIC.
