The regular myth is face mists are just fancy water that's packed in a can and sold for refreshing the skin from time to time. But that's where you are wrong. Why do we say that? Let's explain it to you with an example.

Have you ever met or seen a Korean woman? They are the epitome of beauty with the most gorgeous skin that one can possess. For them practicing good skin care and owing the finest facial products is a race which they do not take easy. Dewy face spray, or face mist, is essentially water but with a mixture of vitamin-rich herbs and anti-oxidants. Mixed with herb extracts or other natural ingredients, face mists are one of the best skin care products to hydrate your skin.

Especially used in summers or when the temperature is comparatively hot, an ideal facial mist will offer you an aroma therapeutic sensation along with hydration and other benefits.
