Specialist Titles

The Specialist Register (SR) was launched by Medical Council of Hong Kong in December 1997. According to the Medical Registration Ordinance, Fellows of the Academy can apply to the Medical Council to have their names included in the SR. After their names have been included in the SR, they can quote themselves as *Specialist in XYZ* [XYZ 專科醫生], where XYZ represents a specialty on the SR list recommended by the Academy (see table below).

Admission to Academy Fellowship does not automatically make the name of a Fellow being included in the SR. A Fellow must apply individually to the Medical Council.
