Participants	
Type	Weekly Sync

## What did we do last week?

- Templates for Malt Row
- Template for Team
- Work on archive views, 86 unnecessary CPT
- Menu adjustments
- Content for SSA Programs, condense and simplify
- Content for Volunteer Page

## What are we doing this week?

- Continue building templates as needed, address archive views, pagination
- Develop content for SSA program pages
- Develop and improve content for sub-pages
- Design/Standards

## Potential blockers?

- Names for things
- Design vs. Develop - Content first (Jessica), Structure (Emily)

- Lack on consensus on nav menu / architecture
- Parent (root) of "A Thing You Do" - SSA, GRCC, RCC

## Action items

- Document standards & questions as we go (use case for accordion, button, HTML standards, headings)
- Card sort test for navigation is recommended (test our site architecture with users, can they find things)
- PDF renaming and adding to PDF Archive
- Delete unused media in library
