The Carriage has exterior pass-through storage. It's the perfect place for golf clubs, tennis rackets and any other sports equipment to make your time on the road more enjoyable.

Carriage is quality because we build with quality components. We offer one of the best warranties in the business and use recognized name-brand manufacturers for the items we don't build at our factory, like Armstrong® flooring and Norcold® refrigerators. We could build with less expensive parts, and some manufacturers do. Look over our list of standard features and we know you will appreciate the high standards we live up to with every Carriage.
