

REASONS OF ABORTION

<https://abortionpillrx247.com/>

INTRODUCTION

- Abortion is termination of a pregnancy that is unexpected and unwanted.
- It could be either done surgically or through medical process.
- The best and most affordable option is medical abortion as one has to consume abortion pills according to the instructions given on the pack.
- There can be many reasons lets see what are those.

Reasons Of Abortion

FINANCIAL TROUBLE

A couple should be financially strong or well settled before bringing a child into life.

CAREER CHOICE

Women are not ready for a child and choose career over it. In such case they choose doing abortion.

RAPE VICTIM

At times, rape victims are given abortion pills to terminate such pregnancy.

Reasons Of Abortion

RELATIONSHIP ISSUE

Sometimes couple are not sure about their relationship status or the quarrel a lot which creates issues in between them.

ACCIDENTAL PREGNANCY

Accidental pregnancy leads to abortion process when the couple is not ready for a child.
