Secondly, if it's worth giving it a try. Especially when you have nothing to lose but everything to gain.

Thirdly, how would you feel knowing that you made the right decision?

And lastly, what do you intend to do with all the money you will receive, not just the initial 10k but \$1million.

Pause for a while and think of what this money can do for you and your family.

This is the beginning of a new era. Start celebrating because it will change everything on how you view life and how

easy it's to make money online with very minimal work and great results.

By the way, the \$1m I earlier mention will happen passively. The main work actually lies with the 10k challenge.

I know you're excited as I am to know what this \$10k in 90 days challenge is all about.

Analysis Of How To Make \$10k In 90 Days

Yes! First let's review mathematically what it takes to make \$10 in 90 days. So you can indeed appreciate this challenge and confirm for yourself how easy it's to make \$10k in 90 days or even less.

Correct! You heard me right. Come on with me and let's quickly analyze how to make \$10k in 90 days.

1). Sell 1000 products worth \$10
averaging 11 sales per day for 90

2). Sell 500 products worth \$20

3). Sell 100 products worth \$100
averaging 1 sales per day for 90
days

4). Sell 10 high ticket products worth
\$1000 averaging 3 sales per
month for 90 days

Now we can boldly say we have a pretty idea of the number of sales it takes to make about \$10k in 90 days.

And to make this amount of sales, you will agree with me that, it involves both cost and some sort of efforts right?

The Challenge Guide Review

So let's review our challenge guide. First I want to set things straight so you don't think it's one of those get rich schemes all over the internet or MLM where only the influential benefits.

Good! So we can continue. This is actually an educational platform where newbies are trained from zero knowledge about online marketing to experts level.

This training is comprised of 2 stages with 8 courses.

Stage 1 spans from courses 1 through 4. And stage 2, from courses 5 through 8.

But then it has an affiliate program which anyone could leverage. And this leverage is exactly what we want to explore right now.

Note, this company's sole aim is the training aspect.

The affiliate compensation plan is a form of incentive for those who are willing to partner with them.

This practically means, you can just buy the course and happily walk away.

Don't forget, whichever way you choose, you can always asked for help.

I know exactly what you are thinking. But Anny, I am not a marketer, how on earth can I make this happen when I have never referred anyone all my life.

Yes you have and I know you will outperform when you're taught exactly what to do. Meanwhile let's continue and we will address this latter.

Like I earlier mentioned it's a training platform comprising 2 stages with 8 courses. Let's dive in and take a look at what we got here.

Can you view the diagram below clearly? If you can't, no worries I will try my best to explain it.

The stage 1 courses and their cost:

- ❖ Facebook mastery cost 20eur
- ❖ Instagram mastery cost 40eur
- ❖ Prove yourself course cost 80eur
- ❖ Accelerate your business cost 160eur

The stage 2 courses and their cost:

- ❖ Viral marketing course cost 320eur

- ❖ 30 days plan of action cost 640eur
- ❖ SEO secrets cost 1,280eur
- ❖ Lastly millionaire breakthrough cost 2,560eur

So far these are the products offered by this company. Unfortunately, you can't buy course 2 or a higher course without buying course 1 or the initial.

So the courses are sold based on how they appear serially. Meaning you must count one before two.

How To Make Money Online Working From Home

These courses work you through everything it takes to build a successful business online.

Starting with making zero \$\$ online to making millions of dollars working from home.

This is a no brainer especially for beginners who don't know how to make money with Facebook and other social media.

I bet you, this is all you need to get a grip of the online cake.

The best part is that, you'll do the same thing you're already used to doing without a reward in exchange for \$\$\$.

Just take your time and look through the courses. Their titles actually depicts what you'll be learning in the main course.

Having said that, lets quickly dissect how we can leverage the system especially the affiliate program.

Note, to be an affiliate you must be a student.

And this is how the compensation plan works. It is a forced matrix meaning when a level is completed, the new referral spills over to the next in line.

Which means whether you refer or not as long as those in your up-line keep bringing in referrals you get paid from other peoples' effort. Yes it's true! you can google what a FORCED MATRIX is.

But that's not the aim of this CHALLENGE.

The aim of this challenge is for you to refer 4 people and teach your referrals to do the same.

With your first purchase of Facebook mastery course, you will learn how to refer your first 4 persons and your referrals will learn and implement the same thing.

So now you know that all it takes to make \$10k in 90 days is just but 4 sales of €20 as opposed to 500 sales of \$20. Simple right?

Now tell me, how realistic is this dream? 100% true or false? And exciting too I guess!.

Then will you take action? And get yourself out of the misery that comes with not being able to make your family proud.

But wait! Looks like something is missing, don't you think so?

For a product of €20 we need about 5 sales/day to make \$10k in 90 days right?

Always keep in mind, this is a 90 days challenge so timing is very important.

Let me ask you, given the right material, how many days do you think it will take you to refer just 4 persons **ONLY**.

To a product you know is very very good? And the best part is you're getting real value. With just an initial investment of only €20.

I am quite sure you know how to recommend people everyday to that expert hairdresser of yours.

And you guys recommend forks to that barbing saloon of yours that gives you the killer haircut. Correct? Just quote me wrong! Cool.

Besides, we have about 6.8 billion people on planet earth. How many is the population of your state of residence? How about your country? What about your Facebook friends, how many are they?

That's okay, but just tell someone about the program and its products, you'll be shocked at the number of persons longing for such an opportunity of a passive income.

Just a recap of what's important we have covered so far.

- ❖ Initial investment of €20
- ❖ learn training course and apply immediately
- ❖ Refer only 4 persons and teach them to do the same.

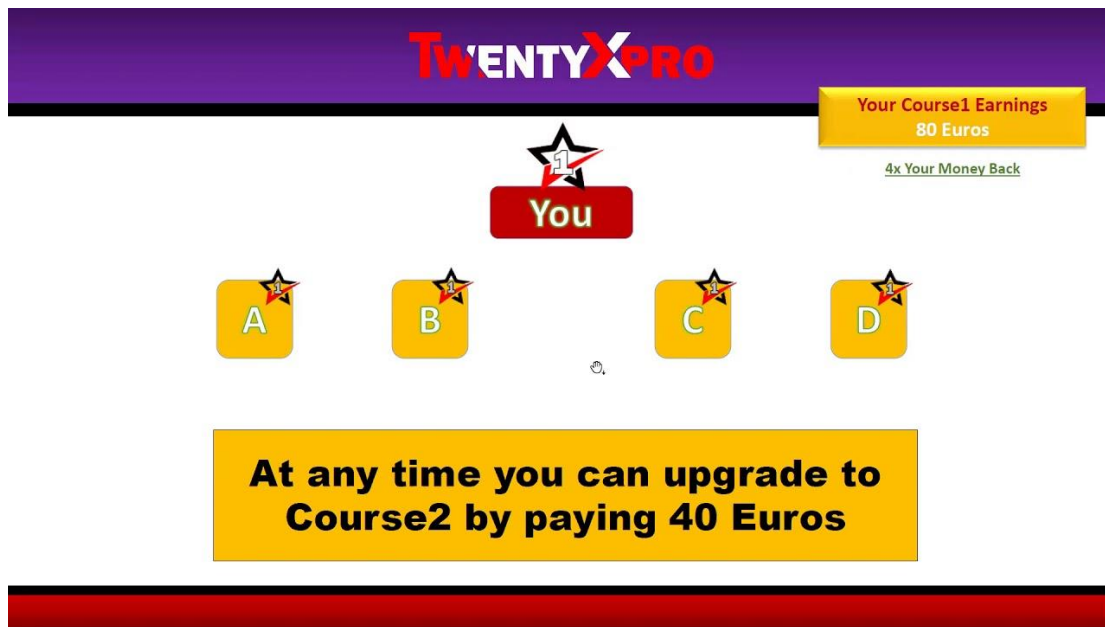

The program aids you on how to. So that's already taken care of.

	You	Course 1 (€ 20)	Course 2 (€ 40)	Course 3 (€ 80)	Course 4 (€ 160)	Course 5 (€ 320)	Course 6 (€ 640)	Total (€)

Total								9,700

How The Compensation Plan Works

Lets move on to the compensation plan.
It's a forced matrix of 4x1 with 6 levels.

Say This Is You & Your Down-lines

level 1, total of 4 referrals
Level 2, total of 16 referrals
Level 3, total of 64 referrals
Level 4, total of 256 referrals
Level 5, total of 1024 referrals
Level 6, total of 4096 referrals
Grand total of 5460 referrals.

Note, the same grand total of 5460 referrals is all you need to also make one million US dollars {\$1m}

This Is The Challenge, please Pay Close Attention

Let's say

You signed up with €20.

You referred 4 persons that did the same.

You'll receive $4 \times 20 = €80$ {100%}

PS note we'll follow this pattern throughout

Week 1

You refer 4 that paid for course 1.

You'll receive €20 each >> $4 \times €20 = €80$.

This becomes your level 1 referrals.

Week 2

Level 1, refers 4 each. $4 \times 4 = 16$
referrals which becomes your level 2.

Then **level 1** upgrade to **course 2**. You
receive **€20** each $\gg 4 \times \text{€}20 = \text{€}80$ {50%}

Week 3

level 2, refers 4 each $16 \times 4 = 64$
referrals which becomes your level 3.

Then **level 2** upgrade to **course 2**. You receive **€10** each. {16 x €10 = €160}

And your **level 1** will upgrade to **course 3**. You receive **€40** each. {4 x €40 = €160}

Week 4

level 3, refers 4 each $64 \times 4 = 256$ referrals which forms your level 4.

Then **level 3** upgrade to **course 2**. You receive **€5** each. $\{64 \times \text{€}5 = \text{€}320$

And **level 2**, upgrades to **course 3**. You receive **€20** each. $\{16 \times \text{€}20 = \text{€}320$

And **level 1**, upgrades to **course 4**. You receive **€80** each. $\{4 \times \text{€}80 = \text{€}320$

Week 5

The Summary Of Total Weekly Pay

Total pay received week 1 = €80

Total pay for week 2 = €80

Total pay for week 3 = €320

Total pay for week 4 = €960

Total pay for week 5 = €3200

Total pay for week 6 = €5120

Overall total = €9760 = \$10K in 42 days
right? That is Six {6} Weeks!!!

Meanwhile, if you have difficulty understanding the above break down, then take some time out to watch this video. Please be sure to watch everything

In the above scenario, we assumed everyone is on a fast track System. Don't forget all that's required is just FOUR {4} sales of €20/week.

If everyone concentrates only on 4 sales of €20 per week. Then it means, in SIX {6} weeks you got \$10k swimming in your bank account, for a work that took you literally 7days.

Okay!!!

Now on your part, do you think this is realistic?

Our Challenge Base

Okay cool!! how about the slow track system. Which is our challenge base.

Just making 2 sales of €20/week for 2 weeks.

If we go by our calculation that will be 12 weeks. That's each referral including you, using 2 weeks to refer 4 persons.

Basically, all things being equal, if we work as a team, then that will take 84 days still less than 90 days right?

Lets demonstrate this should you're lost.

Week 1 & 2 = 4 referrals

Week 3 & 4 = 16 referrals

Week 5 & 6 = 64 referrals

Week 7 & 8 = 256 referrals

Week 9 & 10 = 1024 referrals

Week 11 & 12 = 4096 referrals

12 Weeks total = 5460 referrals

Always remember, all it takes to achieve this, is for everyone to concentrate on bringing their 4 referrals ONLY

Lets recap all we've said so far.

Fast track method, make \$10k in six weeks
{42 days}

Slow track method, make \$10k in 12 weeks
{84 days}

Overall make \$10k in 90 days or less.

- sign up
- wk 1: make 4 sales of €20
- wk 2: let each 4 refer 4 = 16
- wk 3: let each 16 refer 4 = 64
- wk 4: let each 64 refer 4 = 254
- wk 5: let each 256 refer 4 = 1024
- wk 6: let each 1024 refer 4 = 4096

Remember you're starting with a low cost
of €20 as the ONLY investment.

What Is Required Of You

This is what you do, once you refer 2, you already have \$40 to upgrade. Yes!

Please my piece of advice or say rule of thumb. Upgrade the moment you have enough funds for the next course.

Why?

Because if your down-line does that before you. He'll take your position. Always have this at the back of your mind.

I repeat, the aim of this challenge is to make sure you refer at least 4 persons. Review the compensation plan again, you will realize the level 1 pays more. Both Initially, (100%) and subsequently (50%).

There's also no harm in referring more to get to your goal faster if you're like me.

Make \$1m Passive Income On Autopilot

Let us just shed a little more light on the one million dollar [\$1m] I earlier mentioned.

Do you realize you only have to put in that minute effort, of getting your 4 referrals exactly in that short frame of time and cash-out a million dollar passively?

Without ever doing any other work, other than upgrade your account when you have the funds to do so. And the money just keeps rolling in, until you reach your \$1million cap? Whoa! Amazing!!

Okay let me break it down, the overall total referral needed to make \$10k in 90 days is the same number needed to make \$1million compensation plan cap.

The only difference is you just keep upgrading till the final course, 8. With no addition entering cost or referral.

How do you make this work for you? At \$10k cap you're already at course 6 or so. And the only thing that separates you from the \$1m cap is just 2 courses.

So don't be in a haste to make withdrawal until you upgrade to the highest course which is "Millionaire breakthrough" which costs \$2560.

And by the end of week 5 or 10 depending on what track your inn, the entire course ought to have been paid for. Then seat back and enjoy the power of passive income.

Sure, I know you might just be telling yourself this sounds too good to be true.

Yes indeed it's true. Tested and 100% proven to be true. Google it and see for yourself. Ordinary people like you and I have already cashed out their million dollar and received gold cert

The training is awesome and the compensation plan is great.

I know some bloggers are a kind of bias in their reviews.

But even in their very own words you can still see the truth for yourself.

Some of them only wants you to join their membership program where you become a member and be making them recurring income on monthly bases.

With no concern whether you make a cent or not

So some say anything to sway you to their income stream. The most important thing

is the company is no scam and they are paying.

Check out the image below.

Best reviews are reviews of ordinary members who use any platform and shares their experiences. Therefore when searching for reviews, look at for these kind.

And don' t forget this is only but €20 one time investment fees.

Is also okay to just sign up and take a look of the testimonies of ordinary people like you.

Just a piece of advice, NEVER let opportunities like this pass you by. Else you leave in regrets all you life.

It' s only €20. If you' re like me I' ll look for it anywhere and jump start immediately. The earlier, the better.

Join The Team Of Experts

Back to our point, this is where it gets even better. A team of experts are recruiting people and also helping them to achieve success.

For every level you enroll you will be entitled to FREE referral at your level of entrance.

Another advantage is you can ask them any question and get help as long as you joined twentyxpro via their team. This is a double advantage.

Most importantly you also have ME, should you have any question regarding how to get referrals.

So folks join our winning team and let's keep the ball rolling.

Just imagine the feeling of making a million dollar even if it take 1 year.

Think of what that will do for you and your family.

How much work will you like to put in knowing you have a million dollar to work away with?

Consider this a golden opportunity. Click the link to sign up now.

In conclusion, this is one of the best compensation plan I could imagine.

Lets say, you joined and upgraded your account with 20eur and did nothing afterwards.

You still get paid from other people' s efforts.

It does not end there, you **CANNOT** be kicked out because you where unable to meet any deadline.

Apart from that, you have your course to keep and learn from.

Think about it this way, how much is €20? This alone makes it easier for the average Jeo with no experience to break even fast.

Conclusively, we have said more than enough. It' s now time to take action.
