5.8Qt Large Capacity Bowl With Handle

The stainless steel with 5.8 quarts capacity allows it to accommodate double batches of your favorite recipes, making it suitable for those who prepare for several people.

600 W Powerful Motor & 6-Speed Control

The speed knob features a non-slip silicone ring for precise monitoring of the six speeds. The mixing will be more even and comprehensive thanks to the powerful 600W motor.

Three Mixing Accessories & Splash Guard

Each attachment has been created with a particular purpose in mind: Kneading doughs for bread, pizza dough, pasta, or pretzels is a breeze with the dough hook. The Mixing Beater is ideal for preparing salads and mashed potatoes. Whipping egg whites, cream, or sauces is a breeze with a wire whisk. When combining and adding ingredients, the splash guard prevents spattering.
