The Newest 3D "Inception" Mode

Vertically rotate your phone 360 degree spontaneously when filming.

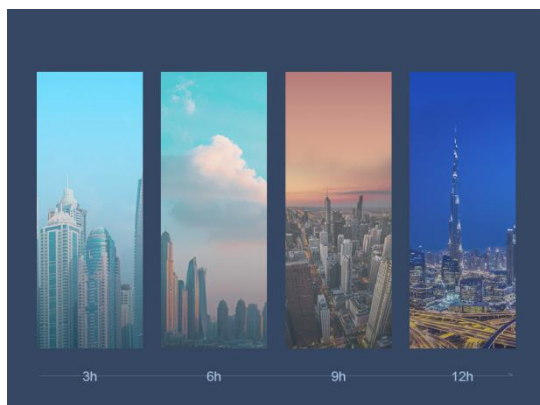

Updated Sports Mode

It allows you to shoot incredibly smooth shots even while going to extremes like running up & down stairs. High performance motor realizes axis overlap & low angle shoot like a breeze.

Endless Possibilities Via "Hohem Gimbal" APP

Slow motion recording, beauty retouching, 360 degree panorama, face/object tracking, time-lapse recording & panning mode changing can all be realized in your smartphone app.

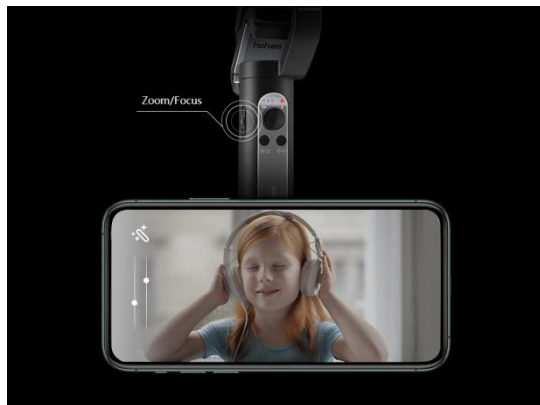

TIKTECH TECHNOLOGY LIMITED

Perfect Balance & Variable Speed

Adaptation

It is extremely sensitive to hand movements. With this design, Hohem gimbal transforms hard-to-watch, shaky footage into hypnotically smooth, professional footage.

Time-lapse & Up to 12Hrs

Running Time

Tracking object and recording all motions in a stable shot for up to 12hrs with the updated "time-lapse" mode to create dynamic effect, reflecting all movements of targeted objects throughout a day within seconds. It can also charge your phones.
