All in One Gimbal

It fits action cameras like GoPro Hero8, almost all kinds of mobile phones like iPhone 11 pro max, and compact cameras such as SONY RX100M7 / Canon G7x / Panasonic DMC-LX10. Hohem iSteady Multi, the unprecedented all in 1 gimbal stabilizer, weighs only 1 lb but boasts a maximum payload of 0.9lbs. Its installation is far more convenient than ever before.

Real-tech Gear with 6 Working Modes

Multi Gimbal stabilizer transforms plain & shaky videos into smooth, professional & cinematic ones. iSteady Multi gimbal stabilizer with 600°Panning / 320°Rolling / Tilting and 6 working modes can meet the demands of the multi-scene application.

First Choice for Sony

Compact Cameras

Equipped with an exclusive cable ONLY for Sony compact cameras, you can control zoom/focus & shutter/record via gimbal stabilizer, creating film-making work with great flexibility. Sony RX100 M2-M7 HX50 WX500-800 and other popular models can be supported (DSC-RX100 /N50 not included).

Fantastic 600° 3D Inception Mode

It features a newly developed inception mode that would rotate camera shot within 600°spontaneously when filming dutch tilt. Even an amateur can also produce gorgeous & quick transitions like an auteur by iSteady Multi stabilizer!
