

SMS Service

January 30, 2022

Service Overview

We have been providing SMS Service in Bangladesh since 2020. Using our SMS Service, you can send SMS to your client's/targeted audience phone number. You can send OTP, Single SMS, Multiple SMS, Notification using your own company name or dedicated/shared number.

Non-Masking SMS

Non-masking SMS is also known as Long Code. Under this service, a dedicated/shared number **e.g. xx018100xxx** will be provided to you. Using that number you'll send SMS to your targeted audience.

Masking SMS

The other name of Masking SMS is Short Code. A dedicated name **e.g cornQ** is given based on your request. The maximum character limit for Short Code SMS service is 11. Your branded name will be displayed on the receiver device.

SMS Content

160 Characters are counted as 1 SMS for the English language. For the other language, 70 characters are counted as 1 SMS. One simple text message containing extended GSM character set (~^{}[]\|) is 70 characters long.
