Hosting History

DomainTools tracks changes to a domain name's IP address, name server and registrar. These events can be useful signals that may indicate more macro events, including: domain name sales, transfers or deletions; taking a site live with new content; or a change in registration or hosting profile.

Registrar History

No records found for this domain.

Name Server History

Event Date	Action	New Server	Previous Server
Jul 30, 2020	Transfer	simply.com	unoeuro.com

IP Address History

No records found for this domain.

Screenshot History

DomainTools captures snapshots of website homepages on regular intervals. This content is useful for researchers to understand how a domain was used at various points in time. Due to the relatively high storage costs of screenshot data, the coverage of screenshot histories is in most cases not as thorough as Whois or hosting data, and this is especially true for dates early in a domain's history.

DomainTools has 5 records collected between Nov 30, 2015 and Aug 11, 2022.

Connected Domains

Shared IP Address

DomainTools uses proprietary techniques to discover other domain names that are hosted on the same IP address (web host) as EmilKirkegaard.dk. This is a sample of up to 100 randomly-selected domains from that dataset. Access to this data provides context in cases where knowing associated domain names has value.

The exhaustive list of connected domains by IP address is available in the Reverse IP product at DomainTools.com.
